

## John Valle Baseball & Softball

Instruction, Indoor Batting Cage Rentals,  
Private Hitting Lessons, Academies, Camps,  
Baseball and Softball Equipment sales

### Note from John Valle:

Dear Players & Parents:

I am very excited to introduce you to a brand new baseball and softball training facilities in Brighton and Irondequoit!

### What's different about my academies?

**Professional Training.** Being a professional ball player, I have learned from some of the best in the game. I also have a good eye for what coaches look for in my current role as Associate Scout for the New York Mets organization. My goal is to share those techniques with the players to take them to the next level. I will be directing all the academies, with assistance from experienced baseball players that I have personally worked with, and who also possess both my love for the game and the joy of teaching young players to reach their potential.

**Individual Attention.** My baseball academies have a limited number of players so that personal attention can be given.

**Focus.** I believe a young player should take any opportunity to learn multiple positions so that he can find out the position he is best suited for. For players who have found that position, I offer academies that focus on a particular position and since everyone needs to improve their hitting and bunting skills, they all include hitting and bunting instruction.

**Repetitions.** Quality repetitions take time, patience, dedication, and love of the game.

### About John Valle:

John played professional baseball for thirteen years. He was drafted by the Detroit Tigers in the 2nd round at 17 yrs old, as a senior at Holy Cross High School in Flushing, NY. He played 6 years for the Detroit organization, making the All Star team twice. Along with Detroit, he played with the Cincinnati Reds and Baltimore Oriole

organizations. Most recently, he played with the Rochester Red Wings, making the All Star team in 1980 and played alongside Cal Ripken in 1981.

### The Indoor Facilities:

Our state of the art facilities features a 300 ft. x 120 ft. turf field house and a batting room with cages, pitching bullpens, sock nets, soft toss machines, along with additional unique hitting equipment that John Valle sells through his [www.funtasticsports.com](http://www.funtasticsports.com) website. The cage features pitching machines that have an actual arm delivering the pitches rather than a traditional JUGS machine.

### Team Training Opportunities:
